

Wolverines Wind Up Hoop Schedule In Nevada League

Local Team Gets To Semi-Final In Tournament Playoff

The Tahoe Truckee Wolverine basketball squad, making their final appearance in a Northern Nevada Zone tournament, got to the semi-final round last week before being eliminated.

On Thursday afternoon they defeated a good Yerington team, 65-50. During the regular season the Wolverines split with this team. The win advanced them to a Friday night contest with the co-champion Lovelock Mustangs, a team which proved to be too fast and big for the locals to handle as they were dropped 71 to 51, final score.

Thursday's win saw the Wolverines hold a slim 2 point margin at halftime, 27-25, and then break the game open in the final periods of play with a hard pressing defense and accuracy in all shooting departments.

Bill Nottley led all scorers with 18 points, closely followed by teammate Ferrari with 14 points. Reg Smart was outstanding in the rebound department.

Friday night was a different story, however, for the Cardinal and White squad struggled to stay in the game the first half against a fast breaking Lovelock crew that was not to be denied a shot at the tournament Championship. The Wolverines trailed by 7 points at half time but saw the margin widen in the second half as the accurate shooting and strong bench strength of the Nevada team took its toll.

The finals of the tourney on Saturday, divided into the three divisions, saw Reno defeat Carson for the "AA" honors, Douglas defeating Lovelock in the "A" division, and Virginia City dropping Whittier for the "B" crown.

All of these teams will appear in the state tournament, scheduled this weekend in Reno, meeting the representatives from the southern part of Nevada to determine the state champions in each division.

Summit Road Job Contract Awarded

The state department of public works has awarded a \$2,377,704 contract to Guy F. Atkinson Company, South San Francisco, for the second job of a \$17 million project to relocate US Highway 40 as a freeway in Sierra.

Included is grading 3.4 miles of divided freeway and construction of three bridges between a half mile west and 2.6 miles east of Soda Springs.

Contractors J. W. Briggs and J. N. Conley of Redding have the \$7.4 million contract for the first portion of the huge project.

It is for grading nearly seven miles of the route from where it connects with the completed freeway at the east end of Donner Lake to where it will connect with the second section north of Donner Summit upon which the contract was let last week.

The total 10.5 miles of the high Sierra freeway route will be surfaced in the final job.

A luncheon was served in the school cafeteria. The group was welcomed by Dr. Albert J. Sessarego, principal of Sacramento High.

The conference is aimed at providing a rostrum from which student leaders can discuss all phases of student body activities.

The Truckee-Tahoe Airport District received \$2,991, and \$3,101 was received by Nevada City.

The money refunded to the counties must be used for capital outlay or maintenance for aviation or airport purposes.

Refunds of the six-cents motor vehicle fuel tax paid on gasoline used in aviation is made because the fuel is not used on the state's highways.

Refunds to individuals represented a consumption of 49,298,789 gallons of gasoline, an increase of 11,311,304 over the 1959 total.

Van Sickle, Rasmussen Are Winners In Dog Races Held At Ebbetts Pass Sunday

ARNOLD, Calaveras County. — Lloyd Van Sickle of Truckee, and his team of Targhee hounds won first place in the second annual Mother Lode sled dog races.

The racers and hardy spectators made their way up Ebbetts Pass to the 6,000 foot level to find enough snow for the weekend of races but were forced down to Camp Connell, Calaveras County, later in the day Sunday when it began snowing.

Van Sickle covered the six mile course yesterday with the best time of 24 minutes and 20 seconds and won Saturday's 14 mile cross country run in one hour and 25 minutes to make a clean sweep.

He won a trophy and the \$100 cash prize.

Stanley Rasmussen of Tahoe City was second with his team of Irish setters; Lee Fishback of Nevada City was third, driving huskies, and Douglas Bard of Williams, Ariz., was fourth with his Siberian huskies.

In the lead dog competition, an obedience contest, Bob Richardson

of Arlington won first place with his Siberian husky. Fishback was second with a Samoyed and Bard third with a Siberian husky.

Steven Van Sickle, Lloyd Van Sickle's son, won the children's race on wheeled sleds. Paul Emrich of Nevada City, was second and Jim Brayton of Escalon, was third.

The event was sponsored by the Ebbetts Pass Wonderland Association.

Two Snow Storms Bring Relief In Dry Mountain District

Another six inches of powder snow fell last night, bringing .41 of an inch of precipitation. This brought the total precipitation for March to 1.71 inches, still far under normal.

The promise of a real old-fashioned snow storm during the weekend faded Monday when the skies cleared and the U. S. Forest Service reported only six inches of snow had fallen with a precipitation of only .76 of an inch.

The precipitation figure here is still only about half of normal for this time of the year and dim hopes are held for relief.

The storm Sunday did bring considerable snow to the Donner Summit and other ski areas of the district and all facilities were jammed with skiers who braved the strong wind and cold to enjoy their favorite sport. The snow gave assurance of a continued skiing season and a total of 60 inches was reported on Donner.

Temperatures dropped sharply following the storm and a zero reading was reported for Tuesday morning. The high for the week was last Friday when 41 was recorded.

HEARING FOR DOCTOR RECESSED TO FRIDAY

Because of the extensive discussions, both pro and con on the application of Dr. E. O. Hendrickson for permission to practice at the Tahoe Forest Hospital, the meeting of the governing board last Friday was recessed until tomorrow night at 6:30 when concluding arguments will be presented.

Dr. Hendrickson several months ago made application to the board and the medical staff for admission to the hospital staff, but the later group recommended that the application be denied and the board is expected to make a decision tomorrow.

In the meantime, Dr. Hendrickson is continuing to practice, specializing in orthopedics at Soda Springs.

Attorneys for both the hospital district and Dr. Hendrickson are expected to present their cases at Friday's meeting of the board to be held at the hospital.

Name Committee To Name Streets, Roads In District

Group Will Meet Soon To Map Best Plan For Program

Picture On Page 8
Ed Shirley, resident engineer for the Pacific Telephone Company, was named chairman of the committee chosen at a recent meeting to inaugurate a program aimed at renaming streets and numbering houses in the North Lake Tahoe-Truckee area.

At a meeting to be held at 2:30 this afternoon at the Placer County administration building at Tahoe City, the committee will formulate plans to proceed with the program and will start a concerted drive to rename the streets and roads. This is being done to eliminate confusion which has resulted from duplication of names and lack of numbers.

The plan is particularly needed in cases of emergencies when fire trucks, ambulances and other emergency vehicles or personnel is summoned.

William Briner, supervisor for the North Tahoe area, was present at the meeting and offered county support.

Mrs. Dorothy Mathewson was named secretary of the group and other members include R. S. Molsberry, W. Russell, Robert Seibold, Stewart Bryant, the planning director, J. Fulton, Al Henry, Robert Tonini, Fred Schultz, Mrs. Ruth Lee, Mrs. Florence Brown and Mrs. Herbert Obexer.

Both the Placer and Nevada County boards of supervisors and planning commissions have been advised of the plan and asked to lend assistance.

Baseball Meeting Is Set For Mar. 26

Whether or not Truckee will enter a team in the Sierra-Nevada Baseball League this season is still undecided, although plans are being formulated to take part.

Lloyd Newton of Lovelock, league president, has called the spring meeting to be held at Fallon Legion Hall on Sunday, March 26 at 11 a.m. The purpose of the meeting will be to consider amendments and new articles to the by-laws and to take action on new clubs seeking entry.

A discussion of the 1961 schedule and other business will be transacted.

Newton suggests that all clubs in the league hold meetings prior to March 26 so they can be prepared to take part in the discussion.

One clause of interest to all teams is the proposal that the forfeit clause be charged to \$100 instead of \$50.

Work Starts This Year on New Air Field At Truckee

Board Studies Plan To Put Local Field In Action This Fall

A meeting of the Directors of the Truckee Tahoe Airport District will be held at 7 p.m. Thursday, in the Truckee Utility District Directors room, to consider a progress report of the engineering firm of Wesley, Ham & Blair.

This firm is the official engineering firm for the District and is presently engaged in drawing up the specifications for the first phase of the work on the airport.

The work to be undertaken this year, according to John Houlgate, chairman of the board, consists of paying off the balance due on the land, building an access road from off the Truckee-Brockway Road, fencing the airport strip, and clearing, grading and resurfacing a 5000 foot runway and parking area.

This work is estimated to cost \$175,000, of which approximately \$95,000 will be federal aid funds and the balance will come from the funds of the district.

Contracts for this work, said Houlgate, will be called for within the next 60 days, and the work should be completed by August. Upon completion of this work the field should be ready for use by light planes.

Breakfast To Start Scout Fund Drive

Scoutmaster Jack Goldsmith has announced the kickoff of the annual fund drive for the Boy Scouts. The annual breakfast at Smart's Restaurant to start the drive will be held March 15 at 7:00 a.m.

This breakfast will be for all persons who have agreed to give of their time for the young boys of the area. The Scouting program includes the Cubs as well as the Scouts.

Anyone wishing to help in this worthy project is invited to be the guest of Smart's for breakfast that morning. After the breakfast the persons participating in the drive will be given cards for contacting people in the Truckee area.

In this community there is an active Cub Scout Pack as well as a growing Boy Scout troop. There are 24 Cubs in the program with three Den Mothers, Mrs. George Wurst, Mrs. Edward Frates and Mrs. Robert Leamon, all under the leadership of Robert Leamon, cubmaster, and Assistant Cubmaster Charles Spillner.

The Boy Scout Troop has 40 members and is growing rapidly under the leadership of Scoutmaster Goldsmith.

If the troops are to continue to grow and remain active, continued support from the community is necessary and everyone is asked to give as much of their time and money as possible.

LOEHR URGES ACTION ON BUILDING HERE

H. G. Loehr, chairman of the Nevada County Board of Supervisors, advised the board at the March 1 meeting that it is imperative that the board proceed with the building program and advanced the possibility of land-purchase through a retirement fund loan as the best method of financing.

This plan, in effect, would bring two large county programs together—a retirement plan for the county employees and a retirement association local for construction to be paid off on a lease-purchase agreement.

County Clerk John Trauner was asked to investigate the possibilities of the proposal, reportedly successful in other counties, and report to the board at the March 15 meeting.

The building program would include a new county building in Truckee, urgently needed in the near future, as well as expansion of the court house.

STRIKES & SPARES

BY JOE WILMAN

DON'T GIVE UP ON THAT 5-7 SPLIT

An easy split to convert is
the 5-7 split. You should try to
convert because even if you
don't, one pin is your maximum
count, and you'll probably get
that anyway.

This center-of-the-lane split
should be shot from just to the
left of center. Your ball must
roll out to the right and hook
back into the right side of the
5 pin, as we show in the illus-
tration. The 5 pin must be
knocked over and back into the
7 pin, so the 5 pin must be
struck lightly on the right side.

Use the same delicate touch
in shooting at the 5-10 split.
Here, however, your ball must
shade the 5 pin lightly on the
left side, so you can shoot this
from nearer the center or per-
haps a bit to the right of center.
Hitting the 5 pin lightly on
the left side should send it back
and across into the 10 pin.

SAFE FOLLOWING OF CARS IS EXPLAINED

What is a safe following distance? California Highway Patrol Commissioner Bradford M. Crittenden offers this definition:

"That section of clear roadway between your car and the vehicle ahead within which you are absolutely certain you can stop safely, no matter what emergency develops in front of you."

Crittenden notes that this distance with each driver. The rule of thumb often voiced — "One car length for each 10-mile increment of speed" — does not apply to every driver, nor to any driver when roadway and weather conditions are less than the best.

"During winter, when lighting conditions are poor, vision often obscured by fog and rain, and streets are slick, adjustments are necessary in following distances," he emphasizes.

"The careful driver is one who makes allowances for existing conditions including his own reaction time, then adopts a following distance which coincides with these standards."

LUNARDI'S BILL WILL RECLASSIFY PICKUPS

SACRAMENTO—(CNS) — A bill setting up a new registration category for non-commercial pickup trucks could make honest men of many pickup owners, as well as taking some of the cobwebs out of vehicle law enforcement.

The bill, AB1805 by Assemblyman Paul J. Lunardi (D-Roseville) would permit pickups which were not used for commercial purposes to be registered for \$9, similar to the registration now in effect for station wagons. Owners of such pickups could haul property of any type in them, provided it was not hauled for hire and provided it was not property used in connection with a business or occupation.

At present, pickup trucks must be registered as trucks, paying at least \$14 in weight fees, \$8 in registration, plus in lieu taxes based on the value of the truck. Pickups now registered as passenger vehicles may not haul any property.

Spices are parts of aromatic plants grown in the temperate zone; seeds refer to the fruit or seeds of herb plants.

Members and guests of the Tahoe Squaws enjoyed a night skiing party (without the skiing) last Wednesday night at the Granlibakken near Tahoe City. Although scheduled to be a skiing party, the sport could not be enjoyed because of the icy condition of the slopes. Those present partook of a potluck supper and an informal evening of dancing.

In charge of the evening's activities was Mrs. Bob Jorgensen assisted by Mrs. Favon Cook and Mrs. Archie Scott.

After a five weeks' stay at the Veterans' Hospital in Oakland, Paul Harrison has returned to his home in Tahoe City and to Jack and Dinty's.

HIGHWAY TALK WILL FEATURE LAKE MEET

CRYSTAL BAY — Officials from the Placer County road department and the state division of highways have been invited to discuss proposed highway improvements at a meeting today of the Lake Tahoe Sierra Chamber of Commerce in the Nevada Lodge.

Chamber President Sleyb Calkins said the highway programs on which the chamber wants more information are the proposed widening of State Route 28 along the north shore and construction work on the Brockway cutoff between Kings Beach and Truckee.

MOTION PICTURE IS SLATED FOR CHURCH

The motion picture production based on the story of Christ and Mary Magdalene titled "The Sinner of Magdala" will be shown three nights beginning Sunday, March 19, and lasting through Tuesday, March 21 at 8 o'clock in the Kings Beach Community Methodist Church at Bear and Dolly Varden.

STUDY IS REQUESTED OF UNEMPLOYMENT

SACRAMENTO—(CNS)—A resolution calling for a study of the "persistently unemployed" has been introduced in the legislature by Assemblyman John T. Knox (D-Richmond).

The resolution calls for an interim committee to study the problem and to report to the legislature in the 1963 general session. Study of those persistently unemployed because of lack of skills and increasing automation is requested.

"These persons are 'unemployable' not only because of automation but also because the number of jobs for unskilled persons is rapidly diminishing in relation to the number of jobs requiring skills or training of some kind," the resolution states.

One call from you and he's on the job

IT'S LATE at night and the one thing you need most in this world is a prescription filled for someone you love. You make a phone call and a friend answers—your druggist. Within minutes after your call, he's on the job.

It takes a time like this to make you realize how much you depend on this man, yet how much you take him for granted. Your pharmacist means medicine when you need it—skillfully prepared. He means service—regardless of time. His concern is for you, not only as a customer, but as a friend.

And what a valuable "extra" for you if your neighborhood drug store gives you S&H Green Stamps. You know, of course, to-

DONNER DOINGS

By VIRGINIA O'BEAR

Seems as though we are just getting the long awaited winter. Many of us had just started to get spring fever, and now we have more snow! I hope it snows like mad for the whole month of March and then "spring time" in April and no more snow until next winter.

Mr. and Mrs. Anthony St. Claire are back at their Donner home after their eastern trip. It is good to have Tony and Claudia back but I know they enjoyed their visit with son Don and his wife and new baby in Philadelphia.

Gad-a-bouts Virgil and Dollie Harris returned from their trip made to southern California and Mexico. Dollie said they enjoyed the change of climate but that they are mighty glad to be back home.

Mr. and Mrs. Jim Wentz moved this week to Hayward where Jim will work until the Prosser Dam project operations start again. He worked part time for the Donner Lake Utility Company this winter and everyone will remember his lovely bride, the former Lavonne Lund.

A week ago Monday two of our Donner ladies were invited to the meeting of the Kings Beach women's Club. "Gil" Gilson and Mary Ellen Maxey attended, wearing decorated hats for the occasion. Gil's hat represented "Rub a dub dub, three men in a tub," and Mary Ellen's carried out the "Rock-a-bye Baby" theme, both decorated by Martha Pankoke. All ladies of the organization had to wear nursery rhyme-decorated hats. Gil is very happy to have her mother with her this week, Mrs. Earl Kiley from Ohio.

Mrs. Richard Quist and children spent a few days last week visiting her parents, Mr. and Mrs. Frank Lang in San Francisco. Frank is an outboard boat racing enthusiast. Frank and Flo have a summer home at Donner Lake.

Lester Johnson returned this week from Elmhurst, Illinois where he attended the funeral of his mother. Milla was unable to go, so stayed home to manage their rentals.

Mr. and Mrs. Ivan Wilson of Donner Lake have been busy this week packing and moving back to Tahoe.

Mr. and Mrs. Robert Pankoke were weekend visitors in Sacramento and on their way home, stopped by to see Frank and Kitty Whitear, former owners of Loch Leven Motel at Donner Lake. Martha says that Frank and Kitty have a beautiful home at Weimar and that they like it there very much and are so contented without a business to worry about.

Mr. and Mrs. Larry Ambler and Mr. and Mrs. Harry Ambler and family returned from a trip to Santa Rosa recently as all went down for the funeral of Mrs. Laura Ambler, mother of Harry and Larry. Mr. Lawrence Ambler, their father, came back with Harry and spent a few days at Donner Lake.

CAMERON PROPOSES SALE OF BONR FOR FINANCING PARKS

SACRAMENTO—(CNS)—A proposal to finance a program of acquisition and development of beaches, parks, recreational facilities and historical monuments through sale of \$75 million in bonds has been introduced in the legislature by Senator Ronald G. Cameron, Auburn.

Cameron's proposal was covered in two bills—SB602, a measure providing how the money should be spent, and SCA15, a constitutional amendment providing for the bonds which would have to be approved by the people.

The money, if approved, would be under the jurisdiction of the state park commission, with the condition that \$50 million go for acquisition of sites. The other \$25 million would be earmarked for development, with not more than \$2 million of it going for fire prevention purposes.

"This is a legitimate and logical use of bond money as we are providing for many, many years ahead," Cameron said. "In addition, the purchase of this property now would save us millions of dollars over what costs might be in the future."

Cameron said it would be expected that new facilities would be developed under current formulas which require areas to be about 40 per cent self supporting. The money from tideland oil royalties, which now goes to the park fund, would be used for operation and maintenance, Cameron said.

The bill would require that 45 per cent of the funds be spent in San Luis Obispo, Tulare, Inyo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside, San Diego and Imperial Counties, with the balance to be spent elsewhere in the state.

It would set up a committee to perform the functions of issuing the bonds.

CAMERON SEEKS BOYS FOR MARINE SCHOOL

Ronald G. Cameron, State Senator, representing the seventh district, announces a competitive examination for young men in his district to become his nominee for admission to the California Maritime Academy in August 1961. The examination will be held at the Sacramento High School Library, March 25. There are no fees required to take this examination.

Rexford Reid from Washington, Dean Reid from San Diego, Bud Reid from Kansas, Mrs. Elsie Hullum from Reseda and Mrs. Rose Rose of North Hollywood. Larry Reid called his folks last Sunday from Hawaii and he is unable to come home at this time. He is on maneuvers on an island near Hawaii. He also wished his mother Bess, Happy Birthday as her birthday was the following day.

WINNER, AAA TRAFFIC SAFETY POSTER CONTEST

OFFICERS ELECTED IN SAFETY GROUP MEET

CRYSTAL BAY — Directors of the Lake Tahoe Safety Council North Lake Tahoe Chapter, held their spring election meeting at the Nevada Lodge, Feb. 22nd and named Capt. Harry Hooper as its chairman.

Named to assist Chairman Hooper were Ted Stollery as vice chairman and Helen Ehlers, secretary-treasurer. After the election of officers for the 1961 year, the directors selected safety projects they wished to emphasize this season. Chairmen of water, home, school, traffic and recreational safety committees were appointed by the directors as among the most important leaders of the safety program.

Chairman Hooper restated the policy of his safety group as an organization which would work with public officials for the enhancement of safe conditions at Lake Tahoe's North shore. He added that his organization of lay people did not intend to recommend procedures to the public agencies, merely it would request their guidance in the safety needs of the area.

Safety council directors will meet March 8 at the Nevada Lodge with chairmen of the fire, water and traffic committees.

RESOLUTION URGES RETURN OF MINES

SACRAMENTO (CNS)—A resolution urging congress to put the gold mining industry back on its feet by increasing the price and permitting a return to the mining of gold coins has been introduced in the legislature by Assemblyman Paul J. Lumardi (D-Roseville).

The measure, a joint resolution, calls on the president and congress to take four actions:

1. Require gold to be treated as a commodity.
2. Require the secretary of the treasury to purchase gold at \$105 per fine ounce.
3. Prohibit any gold being used in foreign aid until a sufficient amount of gold has been acquired to back up deficit U. S. commitments.
4. Permit citizens to own gold and the government to return to making gold coins.

ing score on the tests will become the nominee of Senator Cameron. Others with passing scores may be admitted if vacancies in the quota for the entering class exist.

To be eligible for admission, an applicant must, at the time of admission in August, 1961, be a high school graduate, unmarried, 17 years of age but not over 22 (except in the case of veterans who may enter up to the age of 27), and meet certain physical and mental requirements.

DAYLIGHT SAVING BILL INTRODUCED

SACRAMENTO (CNS)—It just wouldn't seem right to have a legislative session in Sacramento without some kind of a bill on Daylight Saving Time and the current session will be no exception. Assemblyman William T. Bagley (R-San Rafael) has introduced a bill which would continue DST until the last Sunday in October instead of the last Sunday in September. If approved, it would have to be approved by the voters. A similar bill in 1959 was sent to an interim committee for study in order to "shed a little more

light on the subject." Other bills to change DST in any way have met with solid resistance in recent years.

Bowling has become the nation's No. 2 participation sport, following boating.

Numbers indicate standing as of February 20.

One wonders—before bowling came to Kings Beach—WHAT?

Noel and Peg Hulbert of Kings Beach are on a two weeks vacation and business trip to Los Angeles, Tucson, Phoenix and way-points.

Vicki Jones, daughter of the M. F. "Bud" Jones, Carnelian Bay, raced in at Edelweiss, Echo Summit, last weekend, as a Junior Racer. Bud is the director of the Tahoe-Truckee school district ski program. Good teacher. Good luck, Vicki.

Happy anniversary, Lyle and Adeline Gunkel of Tahoe Vista, on their 25th wedding anniversary Sunday, February 26th. Home for the celebration were daughter, Beverly, from Chico State; daughter Pat and husband Phil Edwards from Mt. View; son Gary and wife Ann and baby daughter of Kings Beach, and son Greg, fourth grader at the Kings Beach school.

Lyle and Adeline enjoyed a week's vacation to Oakley where they visited Adeline's sister and husband, Ruth and Gene Stonebarger.

Mr. and Mrs. G. A. Stevenson of Fairfax and "Gigi," their pet noodle, were weekend visitors to daughter and husband, Bob and Tallie Daneri of Kings Beach.

Soroptimist Club had a social evening on the 28th at the Crystal Bay Club with Blanche Donaldson, president, presiding. Each new member of the club is required to have a fun raising project. Maggie Stollery had her "turn" at this meeting and had an "old hat" party. Everyone brought an old hat and in turn bought an old hat which was worn for the evening. Fun! Profitable, too—\$36.00 was realized.

Joe Fulton, Kings Beach fire chief, gave a brief history of the fire department and its present needs.

Kenneth and Twila Wilson of Carnelian Bay attended the pot luck dinner and dance at Tahoe City sponsored by the Squaws.

John and Sophie Levra of Kings Beach accompanied John's mother, Lena, home to Ely, Nevada.

Assemblyman Lloyd W. Lowrey (D-Rumsey), author of AJR13, said the federal government pours all sorts of money into the state to put fires out but deny money for prevention of fire.

The resolution asks that more money be made available to the U. S. Forest Service for replanting, fire breaks and general cleaning up of forest areas.

DECISION REVERSED IN SQUAW ACCIDENT

A Placer County Superior Court jury decision denying Magdalena Berall damages for an accident in Squaw Valley Lodge in 1956 has been reversed by the third district court of appeal.

Mrs. Berall claimed \$45,000 general damages in addition to all medical expenses and compensation for loss of earnings.

The lodge is owned by Alex Cushing.

SIERRA COLLEGE IS SECOND IN SKI MEET

Battling two unforeseen adversaries—a freezing snow storm and a series of accidents—Sierra's slalommen clung grimly to a second place in the three events run off in the Vanderbilt ski meet last weekend at Squaw Valley. Placing number one in the slalom and cross country, Sierra came a cropper in the giant slalom, resulting in a drop from first to second place behind the University of Nevada.

Final outcome of the meet hangs on the jumps which, because of the weather, had to be postponed until next weekend when they will be held at Granlibakken, Tahoe City.

Team standings so far are: Nevada, 281.1 points; Sierra, 277.3; University of California, 262.5; Chico State, 253.4. San Jose, although entered, did not finish in two events and lagged for behind for the other.

In the first two events Saturday, Sierra's Ed Ronnestad came in first to give the Wolverines the number one place in the slalom and cross country.

Team scores for the slalom were Sierra 97.0, Nevada 92.9, University of California 89.5, and Chico State 73.7. Cross country scores saw Sierra with 96.0, Nevada with 93.8, Chico with 92.1, and Cal with 79.1.
